PROJECT SCHEDULE

The following table lists the significant project milestones and project deliverables for the remainder of the RI/FS.

<u>Milestone</u>	<u>Date</u>
EPA approval of expanded air SAPP	8/31/87
Begin intensive air sampling	9/14/87
Submit inventory of potential asbestos sources report to EPA	9/18/87
Complete air sampling	10/2/87
Complete soil and water sampling	10/9/87
Submit streamwater sampling data report	10/15/87
Remove/move met station from site	11/6/87
Submit air sampling (8/86 and 3/87) data report to EPA	1/20/87
Receive air data from CLP	12/4/87
Receive soil and water data from CLP	12/11/87
Submit meteorological data report to EPA	12/31/87
Submit soil sampling data report to EPA	1/15/88
Receive draft Population and Pathway Characterization Report from Risk Assessment Subcontractor	1/15/88
Submit updated air sampling (8/86, 3/87 and 9/87) data report to EPA	1/22/88
Receive draft Endangerment Assessment Report from Risk Assessment Subcontractor	3/15/88
Submit site characterization report to EPA	3/4/88
Receive final Endangerment Assessment Report from Risk Assessment Subcontractor	4/15/88
Submit Draft RI Report to EPA	4/29/88
Receive EPA comments on RI Report	5/20/88
Submit Final RI Report to EPA	6/17/88
Submit Draft FS Report to EPA	7/1/88
Receive EPA and public comments on FS Report	7/29/88
Submit Final FS Report to EPA	9/2/88

-Coalinga (Johns-Manville/SPLC) Schedule

SPLC Deliverables to EPA

The schedule for submission by SPLC of deliverables required to implement the RI/FS for the Coalinga Site is set forth below. Dates for EPA action (comment or approve) with respect to submitted deliverables are included in the schedule. Dates for EPA comment may be accelerated if SPLC submits deliverables ahead of schedule. Dates for dependent SPLC deliverables may be adjusted if EPA requires more time to complete its review, or if EPA is late in supplying SPLC with deliverables listed on pages 15 and 16 of this Amendment that are required for an SPLC deliverable.

<u>Consent Order Deliverable (No.)</u>	<u>Submit to EPA</u>	<u>Agency Action</u>
1. Monthly Progress Reports (1)*	Day 10	None
2. Soil Sampling and Analysis Plan - Final (Memorandum) (2)**	10/02/87	11/18/87 approve
3. QA/QC Project Plan - Draft (4)	07/30/87	10/16/87 comment
4. Site Health and Safety Plan (3)	09/29/87	11/18/87 comment
5. QA/QC Project Plan - Final (4)	11/18/87	12/09/87 approve
6. Water Sampling Report - Draft (5)	11/25/87	12/16/87 comment
7. Preliminary Remedial Alternatives Report - Draft (7)	12/18/87	1/08/88 comment
8. Water Sampling Report - Final (5)	01/19/88	02/09/88 approve

* Progress reports for each calendar month are submitted to EPA on the tenth day of the following calendar month.

** The Soil Sampling and Analysis Plan was submitted on July 30, 1987 and was conditionally approved by EPA on September 18, 1987, subject to SPLC's submission of the referenced supplemental memorandum.

<u>Consent Order Deliverable (No.)</u>	<u>Submit to EPA</u>	<u>Agency Action</u>
9. Remedial Investi- gation Report - Preliminary (6)	02/02/88	02/24/88 comment
10. Preliminary Remedial Alternatives Report - Final (7)	02/05/88	02/26/88 approve
11. Initial Screening Report - Draft (8)	03/09/88	03/30/88 comment
12. Remedial Investi- gation Report -Draft (6)	04/15/88	05/13/88 comment
13. Initial Screening Report - Revised Draft (8)	04/29/88	05/20/88 comment
14. Feasibility Study Report - Preliminary Draft (9)	05/20/88	06/17/88 comment
15. Remedial Investi- gation Report - Final (6)	06/13/88	07/25/88 approve
16. Feasibility Study Report - Draft (9)	07/22/88	08/31/88 comment
17. Offsite Source Characterization Report - Draft (10)	06/03/88	06/24/88 comment
18. Feasibility Study Report - Final (for public comment) (9)	09/30/88	11/14/88 approve
19. Offsite Source Characterization Report - Final (10)	07/25/88	08/15/88 approve
